DETAILED ACTION

Election/Restrictions

1. Claims 4, 12, and 34 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 12/22/2005.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-3, 5-11, 12-16, 31-33, 35-40, and 42-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Baker (4,595,430).

Baker discloses ammonium nitrate of 68 %, carbonaceous fuel of 5.25 % and an epoxidized soybean oil of 3 %. See examples 2-24, specifically the chart in col.

8. The paragraph below the chart indicates that 3 % of the ammonium nitrate is replaced with one of the compounds from Table II which includes epoxidized soybean oil. The density and oil separation are inherent properties of this composition. As to limitations which are considered to be inherent in a reference, note the case law of *In re Ludke*, 169 USPQ 563; *In re Swinehart*, 169 USPQ 226, *In re Fitzgerald*, 205 USPQ 594; *In re Best et al*, 195 USPQ 430; and *In re Brown*, 173 USPQ 685, 688.

Claim Rejections - 35 USC § 112

4. Claims 17-30 and 41 provide for the use of a chemical coupling agent, but, since the claims do not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Claims 17-30 and 41 are rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).
